Testing: -Jest -Enzyme

Deployment & Development Tools:

-Heroku -GitHub -Webpack

PROJECTS

Full Stack Software Engineer | [Rabbit Hole](#)

MAR 2024, BRAINSTATION CAPSTONE

- Developed a full-stack web application using React.js for the front-end, Node.js and Express.js for the back-end server, and Knex.js as the query builder for a MySQL relational database in the timeframe of 1 week.
- Integrated the Brave API to fetch and display relevant data within the application, enhancing its functionality and user experience.
- Demonstrated proficiency in JavaScript across the entire tech stack, leveraging its versatility to build a seamless and responsive application.
- Implemented user authentication and authorization features, ensuring secure access and data protection within the application.

Full Stack Software Engineer | [TechFusion](#)

MAR 2024, BRAINSTATION SHOPIFY HACKATHON

- Collaborated with a cross-functional team comprising UX designers, data scientists, and cybersecurity experts to develop a Shopify extension using React.js for the front-end and Node.js for the back-end server.
- Delivered a fully functional and impactful solution within a 24-hour timeframe, demonstrating proficiency in rapid prototyping and iterative development.

EDUCATION

BrainStation | Diploma, Software Engineering

JAN 2024 - APR 2024, TORONTO, ON

Lakeshore Collegiate Institute | High School Diploma

SEPT 2010 - JUN 2015, TORONTO, ON

EXPERIENCE

Sales Director | Merlin Solutions

SEPT 2022 - DEC 2023, TORONTO, ON

- Spearheaded the user acquisition strategy for a new marketing and payments platform, successfully onboarding over 500 merchants within the first month of launch.
- Collaborated closely with cross-functional teams, including marketing and product development, to ensure alignment between sales objectives and overall company goals.
- Demonstrated strong problem-solving skills by developing and executing an effective user acquisition plan, contributing to the successful rollout of a new product.

Manufacturing & Business Development Consultant | DMR

JAN 2021 - AUG 2022, TORONTO, ON

- Crafted a captivating pitch deck tailored for First Nations communities, informed by comprehensive research
- Articulated the company's mission to support financial autonomy, community trust, and collaborative opportunities
- Implemented budget-conscious strategies to enhance product design and minimize prototyping costs
- Streamlined the product design workflow, yielding superior product quality, expedited time-to-market, and reduced prototyping cost by over 50%.
